Pour la consultation de la carte interactive des ZPEGT

The image shows a screenshot of a web browser displaying the IGO2 interactive map interface. The browser's address bar shows the URL: `geoedl.msp.gouv.qc.ca/igo2/aperçu-qc/?context=mtq&zoom=7¢er=-72,47.99999999999997&invisiblelayers=*&visiblelayers=zpeg_index_cgt_s.zpeg_cgt_l.zpeg_cgt_s.route&llcv=1`. The search bar at the top left contains the text "Rechercher une localisation ou une couche d..." and is circled in red. A blue callout box with an arrow pointing to the search bar contains the text "Inscrire votre adresse ici".

On the left side, a blue callout box contains the text: "Pour choisir un fond de carte, cliquez ici. Parmi les choix offerts, nous vous recommandons «satellite»". A red arrow points from this text to the "Satellite" option in a vertical menu of map styles. Below this menu, a blue arrow points to a red circle around a small icon in the bottom left corner of the map area.

On the right side, a blue callout box contains the text: "Pour agrandir ou réduire la carte, cliquez sur + ou -". A red circle highlights the zoom controls (a target icon, a plus sign, and a minus sign) in the bottom right corner of the map area.

The main map area displays a satellite view of a coastal region with a 100 km scale bar at the bottom center.
